INDIAN SCHOOL SUPERVISOR.

Woman Who Broke Up Killing of

Zuni Witches Promoted.

Washington, Nov. 5.—Commissioner Johns of the Indian office has nominated Miss Mary E. Dissette, formerly in charge

of the Pueblo Indian School, for Super-visor of Indian Schools in the Southwest

Among Miss Dissett's strongest supporters for the position were the Indian Rights

Association and Judge William H. Pope of the Supreme Court of New Mexico

of the Supreme Court of New Mexico, who became familiar with the woman's work while in that Territory.

Miss Dissette has been teaching Indians for many years. Her first work was with the mission schools, but when the Government discontinued further contributions of public money for the support of these institutions, Miss Dissette entered the employ of the Government. At the time of her appointment she was among the Zuni Indians, and will be remembered as the woman who stirred the country on the subject of the Zuni habit of killing suspected witches and practically breaking it up.

Just arrived, a direct shipment of Nucrnberger Lebkuchen from the celebrated bakery of F. Ad. Richter & Co., Nucrnberg, Germany. At one of these lectures, where she spoke especially against the use of tobacco, the Japanese present gave to her their metal pipes, promising not to smoke again.

In a short time a thousand of the Japanese had given their pipes to her, with the same promise. From overwork in the Japanese country Miss West contracted a disease from which she died in Japan. The Japanese took the pipes and made a bell from them. It was rung at her funeral and brought to this country with her body. It represents the department of antinarcotics, of which Mrs. Ingalis is the national superintendent.

INTERESTING FEATURES OF W. C. T. U. EXHIBIT.

Attention.

Picture of Mrs. Eliza J. Thompson

Mrs. F. H. Ingalls, Women's Christian Temperance Union Commissioner to the World's Fair, calls attention to some inbody. It represents the department of antinarcotics, of which Mrs. Ingalls is the national superintendent.

The exhibit also contains articles used in violation of the prohibition law in Maine. At one time a man and woman operated together. The woman carried a tin can which was used in the place of a bustle, and the man carried a cane with a hollow center. The man would sell the liquor from the came. When it needed refilling they would go into a byway and refill the cane. Many other interesting things are displayed at this exhibit. The Woman's Christian Temperance Union exhibit has taken the grand prize.

T. W. C. T. U. rest room is in the Woman's Anchorage, and the pictures of prominent W. C. T. U. women are displayed in many of the State buildings. During the summer a hundred thousand bouquets, with souvenir text cards attached to them, as well as many other souvenirs, have been given away by the union. ng features of the union's exhibits on the Exposition grounds.

The first is the picture of Mrs. Eliza I. Thompson of Hillsboro, O., painted by her daughter, Mrs. Mary McA. Tuttle. The picture itself has artistic merit. Mrs. pson was the originator of the womn's crusade in 1873, from which the W. C. T. U. was organized. This picture is in the exhibit in the Palace of Education.
Attention is drawn to the bell at this exhibit. Mary Allen West of Illinois was a W. C. T. U. missionary to Japan. She lectured against the use of tobacco as well as against the use of alcoholic liquors.

The delightful aroma, pungency and dryness of

> GOLD SEAL

make it the champagne universally favored by clubman and connoisseur. It is the wine of the banquet and ultra brilliant functions. Two kinds, Special Dry, favored by the ladies, and Brut, a very dry wine.

GOLD SEAL is in evidence at every fashionable function and at all first-class hotels and cafes in St. Louis and on the Exposition Grounds. See our exhibit in Alsle B, in the Agri-mature, Building.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.

The idea was recod but the mentions.

For the Human Body in Health

and Disease.

"blood purifier." tonic and cure-all, and, mind you, this old-fashloned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a table-poonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate-coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs and purifies and conteles the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur medical remedicated prompt goods and medicate course.

tory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every soring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician allice.

Doctor R. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria. I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate, people who are tired of pills, cathartics and so-called blood "purifiers" will find in Stuart's Calcium Wafers a far safer, more palatable and effective preparation.

PROVIDENT ASSOCIATION TO MEET NEXT THURSDAY.

Dector Howard F. Wines, an Author ity on Social Questions, Will Make an Address at Annual Session.

The St. Louis Provident Association will meet in forty-fifth annual session at the central office, No. 1623 Washignton avenue, Thursday evening, November 10, at 7:45

One of the features of the meeting will be the presence of Doctor Howard Frederick Wines, for many years a member of the National Conference of Charities and Correction, who is spending a few days in St. Louis visiting the World's Fair. Doctor Wines is one of the most emi-

nent sociologists in the United States and is the author of several books on philanthropic subjects. He has for a number of years been a prominent worker in the interest of prison reform, and will be asked to make an address on the subject of charity.

The officers of the association will make

The omcers of the association will make their annual report of the work for the last year, and short speeches will be made by prominent men. The board for the coming year will be elected, and plans discussed for broadening the scope of the work.

discussed for broadening the scope of the work.

The Provident Association has done much good work in the past, and has planned considerable work for the ensuing winter. H. H. Wernse, who will preside at the meeting of the association, will make an address, pointing out the benefits of the association and urging the members to continue their efforts for the relief of the needy.

Following is the programme in full for the meeting: Call to order, Mr. Samuel Cupples; opening prayer, Dean Carol M. Davis; address by chairman, Mr. H. H. Wernse; president's annual report, Mr. R. M. Scruggs; general manager's annual report, Mr. W. H. McClain; address, Judge

R. M. Scruggs; general manager's annual report, Mr. W. H. McClain; address, Judge Rebert M. Foster; benediction, the Rever-end J. M. Philiputt. The officers, Board of Directors and committees of the association are: mittees of the association are:

R. M. Scruggs, president; Samuel Cupples, vice president; George H. Morgan, secretary; Charles Proceedings of treasurer; W. H. McClam, secretal manager, treasurer; Decentive Committees—Edwin Harrison, chairman; James H. Allen, Mrs. Edward Taussig, Issae H. Lionberger, Mrs. Philip N. Moore, Christian Bernet, Gustav Cramer, Roger P. Annan.

Annan.

Directors—Alfred Carr, Mrs. Philip N. Moore, Directors—Alfred Carr, Mrs. Philip N. Moore, E. Mallinckroot, Harvey L. Christie, Charles W. Barstow, Hobart Brinsmace, Adolphus Busch, George W. Brown, Michael Cooke James H. Allen, R. M. Scruggs, Samuel Cupples, Edwin Harrison, Gustav Cramer, Christian Bernet, Isaac H. Lionberger, Roger P. Annan, William Burg, Mrs. Edward Taussig, H. F. Langenberg.

SANITARIUM CORNER STONE.

Dr. Tupper of St. Louis Delivers Address at Dallas.

REPUBLIC SPECIAL Dallas, Tex., Nov. 5.—The corner stone of the Baptist Memorial Sanitarium, a hospital that is to cost \$150,000 at the start and twice that much ultimately, was laid to-day at Junius and College streets, under the direct auspices of the Dallas Medical Association, aided by the Tristate Medical Association, which is in annual

The principal address was delivered by Doctor Paul Y. Tupper of St. Louis, who took as his theme "The Hospital as an Educator."

Several thousand spectators witnessed the ceremonies and heard the address. There were more than 300 visiting physiclass present.

The Baptist Memorial Sanitarium will be under control of the medical department of Baylor University, that department having been permanently located at Dal-

WOMAN IS SURE OF ELECTION.

Mrs. Brown to Inaugurate Reforms When She Becomes Constable.

REPUBLIC SPECIAL Hugo, Colo., Nov. 5.-Handy with a gun and the mother of twelve children, Mrs. Johanna Brown is sure of being elected Constable of Hugo.

One of her first actions will be to en-One of her first actions will be to enforce the Sunday-closing law, although salons have been open here for years.

The cowboys are all enthusiastic for Mrs. Brown, who was nominated by Republicans and indorsed by Democrats. There is no other candidate in the field.

"Of course, I shall make arrests, if occasion requires," said Mrs. Brown.

"Some of us fellers will come to town just for the honor of being arrested by a woman Constable," said Abe Tikes, a cowboy.

WOMAN GETS BACK PLUNDER FROM TRAMPS.

REPUBLIC SPECIAL. Ukiah, Cal., Mrs. Arthur Nolan of Guffey County had an encounter with housereakers and came off victorious. She had been stopping with her mother during the absence of her husband, and returning to her own home found that the house had

to her own home found that the house had been broken into and numerous articles of value stolen.

After driving several miles she came upon tramps, one of whom was armed with a Winchester rifle. Undaunted she poured out her wrath and charged them with a buggy whip. The hoboes were dazed and, inding that Mrs. Nolan was not afraid of the gun, meekly returned the stolen articles.

What Sulphur Does ENGINEERS REJECT MINERS' AGREEMENT

> Fight Is On Between Labor Organizations and Bitter Feeling Prevails.

SPIRIT QUESTIONED.

Operatives Assert They Will Be gin Work To-Morrow With Recruits From Their Own Ranks.

Springfield, Ill., Nov. 5.-Mass meetings of holsting engineers were held this afternoon and evening in every coal district in the State, to vote on the question of accepting the agreement between the operators and miners, and becoming members of the United Mine Workers. The Springfield subdistrict engineers voted manimously to reject the agreement and to continue the strike.

President Mack Taylor of the engineers said he had received reports from other districts and that similar action was taken over the State. The most bitter feeling has been engendered among the miners because of the step taken by the engineers, and a statement made by Taylor concerning their side of the strike. Secretary Ryan of the United Mine

Workers declares the engineers must accept the agreement and become affiliated with the miners, or not work in the Illi-nois mines. He says that work will be re-sumed in the mines Monday, and that en-gineers will be taken from the ranks of the mines.

the miners.

A large number of miners are qualified engineers, but have been unable to follow this work owing to the fact that there were not places for them.

Taylor declared this afternoon that the miners had not displayed a true spirit of unionism. In reply to this statement Secretary Ryan declares the engineers were at fault in tying up 50,000 men without consulting the miners' officials.

The Magnificent State Capitol Building of Alabama.

ONE of the most wonderful events in the history of med-icine is the multitude of inder e-ments which Peruna is receiving as a catarrh cure from men of national importance. Governor of Alabama Commends Pe-ru-na. In a letter dated July 26, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston says:

ery, Ala.:

The most distinguished men of the United States have no hesi-tation in lending their influence to assist in letting the public know of the merits of Peruna. "I Join Congressman Brewer in commending Peruna."---Joseph J. Johnston. mended to me by those who have used it as a good catarrh cure."-John C. Leftwich.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna. Catarrh is an American disease. Peruna an American remedy.

Catarrh is a result of changeable climate. Perma is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and effects the mucous membranes. Perma enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment. The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Redeemer of Public Moneys.

Hon, John C. Leftwich, Redeemer of Public Moneys, whose office is in the Post Office building. in a letter written from Montgomery, Ala., says: "I take pleasure in recommending Pa-runa as an excellent tonic, and it is recom-

ery, Ala;

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgom-

Collector of Port. Hon. J. K. Burke, Collector of Port, Mo-bile, Ala., writes: "Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take oleastrue in testifying to its fine qualities."—
J. K. Burke.

Postmaster of Mobile. Hon, P. D. Barker, Postmaster of Mobile, in a recent letter from Mo-bile, Ala., says:

"Allow me to send to you my testimonial as to the good qual-tites of Peruma. I have used it for the past three months and find it is a most excellent tonic." —P. D. Barker.

S. S. Marshal, Northern District. Hon. Dan Cooper, U. S. Mar-shal for the Northern District of Alabama-writes;

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it.

"I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Copper.

U. S. Marshal, Southern District.

"I have used Peruna for catarrh a short time and have also had several friends try it, and they all pronounce it the best catarrh remedy ever put on the market. It cannot be praised too highly."—L. L. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman President of The Hartman Sanitarium, Columbus, Chio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

Silk Sale of Penny & Gentles.

According to the New York Journal of Commerce and the Commercial Bulletin of November 3, Penny & Gentles of St. Louis were the only retail St. Louis concern among the purchasers at the great auction trade sale by order of the Ashley-Bally Company, which was held in New York City on Wednesday, November 2. This sale comprised 5.752 pieces. By taking the goods in the largest quantities and so avoiding the division into small lots, Penny & Gentles succeeded in cutting off the small bidders and keeping down the prices. They carried off practically everything they wanted at their own price. The silks secured are the best, both plain and fancy. A great opportunity for St. Louis silk buyers is offered in Penny & Gentles's advertisement on Page 2, Part II, of to-day's Republic. Silk Sale of Penny & Gentles.

Guns, Hunting Coats, Decays, Rubber boots, etc. Very low prices. C. & W. McLEAN, 814-816 N. Broadway.

OUT OF JAIL, TRIED

TO BREAK IN AGAIN. Discharged Vagrant Liked Prison Home So Well That He Committed

Misdemeanor to Be Rearrested.

REPUBLIC SPECIAL.
Scranton, Pa., Nov. 5.—Joe Liabo caused somewhat of a stir at the county jail here by trying to break into that institution. He had served a term of sixty days for vagrancy and when he was discharged he did not want to leave the place. Finally he was detected trying to force a door so that he might get back into the institution. The patrol wagon was called and he was taken to a colice station. Magistrate Howe committed him to have inquiry made as to his sanity. The magistrate could not see how a man in his proper senses would try to force his way into a fail. somewhat of a stir at the county jail here
